agenda: We will explore trends and complex questions impacting the Future of Work. We will also look at the role of enabling technologies, talent management and design. Themes and topics are organized into four streams:
Think - Design - Collaborate – Lead.

Sponsor partners may propose additional topics and real world client stories. The Future of Work Lounge at the summits will also provide sponsors with an opportunity for sponsors to showcase their solutions and services.

What is the impact of discontinuous, decentralized and distributed workforce?

What is the new scale of technology:

Mobile, Cloud, the Internet of Things and Social?

How do we rethink human capital from resource to talent?

design

What are the new use cases for the workplace?

How do we support an always on, always connected workforce?

How do we redesign workspaces for co-creation?

What is the role of design for enabling transparency and other value shifts?

collaborate

How do we rethink collaboration in the age of social business?

What is the impact of working in the on-demand economy?

How do you support a mobile and distributed workforce?

What are next generation workspace productivity tools?

lead

How do we secure online environments?

How do you lead the workplace of the future?

What are the new metrics for productivity and innovation?

Why do we need innovation in management?
